FIFRA 2(ee) Recommendation for the Control of Common Buckthorn and Tree of Heaven in Noncrop Areas

Accord XRT II
EPA Reg. No. 62719-556

Directions for Use
• It is a violation of federal law to use this product in a manner inconsistent with its labeling.
• This labeling must be in the possession of the user at the time of pesticide application.
• This product may be used to control common buckthorn and tree of heaven in all use sites listed on the Accord XRT II product label.
• Apply Accord XRT II at labeled mixing rates for spray solutions. For control of common buckthorn and tree of heaven, spray with a 5 to 10% solution when plants are actively growing and leaves are fully expanded.
• For cut stump application, apply a 50 to 100% solution of this product to a freshly cut surface immediately after cutting.
• Follow all applicable directions, restrictions, and precautions on the product label.
