FIFRA 2(ee) Recommendation for the Control of Scotch Broom (*Cytisus scoparius*)

**Arsenal Powerline Herbicide**

EPA Reg. No. 241-431

**Directions for Use**

- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- This recommendation must be in the possession of the user at the time of pesticide application.
- Follow all applicable directions, restrictions, and precautions on the product label.
- For control of scotch broom, applications can be made at all sites listed on the Arsenal Powerline Herbicide product label.
- For best results, applications should be made during periods of active growth.
- Follow all applicable maximum seasonal and per application use rate limits for each use site listed on the Arsenal Powerline Herbicide product label.

**Foliar Application**

- For foliar application, apply a 0.5-2% solution of Arsenal Powerline Herbicide as a spray-to-wet application.

**Cut Stump Treatment**

- Spray or brush a 7.5% solution of Arsenal Powerline Herbicide onto the cambium area of the freshly cut stump surface. Ensure that the solution thoroughly wets the entire cambium area.
