Columbus, OH 43216

Dear Ms. Sullivan,

Re: Change of Registration Status for Ortho Grub-B-Gon (EPA Reg. No. 239-2667)
Contact Person: Robin Hackett

The New York State Department of Environmental Conservation, Pesticide Product Registration Section sent a letter, dated March 15, 2000, to Sherri McElroy of The Scotts Company regarding the change in registration status of all halofenozide products and in particular, the product referenced above (copy enclosed).

Per this letter and the agreement it refers to, the product **Ortho Grub-B-Gon (EPA Reg. No. 239-2667)** has been reclassified from general use to restricted use effective September 30, 2000. Per the agreement with The Scotts Company, all remaining containers of Ortho Grub-B-Gon must now be removed from the store shelves and from sale in any general retail store and placed in storage. The product will be gathered for pick up by a Scotts representative, or designee, and will be removed entirely from the state by no later than December 30, 2000.

Please find enclosed a copy of a certificate of registration for **Ortho Grub-B-Gon (EPA Reg. No. 239-2667)** which reflects the change in registration status for New York State from general use to restricted use under rules and regulations 6NYCRR 326.23 and a copy of the stamped label.

If you have any questions regarding this action, please contact Francis X. Hegener, Chief, Pesticide Product Registration, at (518) 457-7446.

Sincerely,

Maureen P. Serafini
Chief
Bureau of Pesticides Management
