April 24, 2002

Mr. Samuel J. Jackling, Chief
Pesticide Product Registration Section
Division of Solid and Hazardous Material
New York State Department of Environmental Conservation
625 Broadway
Albany, NY 12233-7257

SUBJECT: Major Change in Labeled (MCL) Use Pattern Application for Three Altosid Products Containing (S)-Methoprene
Zoecon Altosid Briquets, EPA Reg. No. 2724-375
Zoecon Altosid XR Extended Residual Briquets, EPA Reg. No. 2724-421
Zoecon Altosid Pellets, EPA Reg. No. 2724-448

Dear Mr. Jackling:

Pursuant to the DEC's April 5, 2002 letter and enclosed review by the Division of Wildlife & Marine Resources, Wellmark International respectfully requests the ~~withdrawal~~ of the subject applications for major change in labeling.

As discussed during our telephone conversation of April 18, 2002, we would like to schedule a conference call with the Department to reach an agreement on the exact data/information requirements that will be necessary to satisfy the Departments questions and enable the completion of a risk assessment for (S)-Methoprene in fish bearing waters.

I will be in contact with Mr. Radzevich of your staff to discuss the scheduling of the requested conference call.

Thank you for your assistance with our application package and should there be any questions, please contact me at 847/330-5375.

Sincerely,
WELLMARK INTERNATIONAL

Catherine Elmi
State Regulatory Manager
