III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the April 27, 2005 Federal Register (70 FR 21761; FRL-7709-8) notice announcing the Agency’s receipt of the request for voluntary cancellations.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellations of ethyl parathion registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the ethyl parathion product registrations identified in Table 1 of Unit II are hereby canceled. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II, in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI, will be considered a violation of FIFRA.

V. What is the Agency’s Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, following the public comment period, the Administrator may approve such a request.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this Notice includes the following existing stocks provisions. Because no product has been produced, sold or distributed for several years, the prohibition on sales, distribution and use of existing stocks is effective immediately.

ENVIRONMENTAL PROTECTION AGENCY

Lindane; Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA’s issuance of final orders cancelling the registrations of all pesticide products containing the pesticide lindane. The cancellation orders followed the August 23, 2006 Federal Register Notice of Receipt of Requests (71 FR 49445) (FRL-8089-1) from the lindane registrants to voluntarily cancel their lindane product registrations and announcing the commencement of a public comment period as required by section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). In the August 23, 2006 notice, EPA indicated that it would issue an order implementing the cancellations to terminate uses unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant(s) withdrew their request(s) within this period. The Agency did not receive any comments that required further review of the cancellation requests. Further, the registrants did not withdraw their requests. Accordingly, EPA sent final cancellation orders to the registrants granting the requested cancellations. Any distribution, sale, or use of the lindane products subject to these cancellation orders is permitted only in accordance with the terms of the existing stocks provisions in the cancellation orders and described in Unit VI.

DATES: Cancellation of manufacturing-use product registrations was effective on October 4, 2006, and the last date of use will be July 1, 2007. Cancellation of end-use product registrations will be effective on July 1, 2007, and the last date of use will be October 1, 2009.
