Commercial Applicator Pesticide Use Report for New York State during 1999	Volume (Gallons):	495,322.23	248,123.45	
	Weight (Pounds):	1,854,417.30	1,823,252.90	
<b>Number of Products Reported in 1999</b>				
	Number of Products:	3,159	3,201	

Also note that EPA Registration Number 9359-8 moved into the number one position on the “Relative Use (Gallons) of the Reported Top Ten Pesticide Products Applied by Certified Commercial Applicators during 1999” report. This EPA Registration Number did not appear on the report prior to the rerun.

<sup>1</sup> An invalid EPA Registration Number is a number that does not match those EPA Registration Numbers for pesticide products registered in New York State for a particular reporting year.

<b>Data Summary</b>	<b>Units</b>	<b>Before</b>	<b>After</b>	<b>Comment</b>
<b>1998 “Invalid<sup>1</sup>” Quantities</b>				
Commercial Permittee Annual Sales Report for Restricted Use Pesticides and General Use Agricultural Pesticides in New York State during 1998	Volume (Gallons):	50,057.50	25,490.36	
	Weight (Pounds):	274,897.61	228,082.70	
Restricted Pesticides Annual Report for Commercial Permittees (Including Importers, Manufacturers and Compounders) For Sales to Commercial Applicators for End Use in New York State during 1998	Volume (Gallons):	34,563.37	8,124.66	
	Weight (Pounds):	210,688.77	160,392.54	
Restricted Pesticides Annual Report for Commercial Permittees (Including Importers, Manufacturers and Compounders) For Sales to Commercial Permit Holders for Resale in New York State during 1998	Volume (Gallons):	11,930.42	10,981.58	
	Weight (Pounds):	69,505.68	63,600.93	
Commercial Applicator Pesticide Use Report for New York State during 1998	Volume (Gallons):	538,301.42	518,793.75	Note that the weight quantity increased because of a change in how dates are processed, which increased the overall quantity reported (see comment in “Grand Totals for 1998 and 1999” section).
	Weight (Pounds):	2,992,867.91	3,397,725.13	
<b>Number of Products Reported in 1998</b>				
	Number of Products:	3,050	3,154	

<b>Data Summary</b>	<b>Units</b>	<b>Before</b>	<b>After</b>	<b>Comment</b>
<b>Grand Totals for 1998 and 1999<sup>2</sup></b>				
Commercial Applicator Pesticide Use Report for New York State during 1998	Volume (Gallons):	3,608,305.22	3,779,542.49	Pesticide applications that were reported for a range of dates in which one of the dates (but not both) is not in the current report year are now included in the “Commercial Applicator Pesticide Use Report for New York State during 1998” data summary. This accounts for the increase in the grand totals after the rerun..
	Weight (Pounds):	23,551,785.71	25,422,978.48	

<sup>2</sup> Grand totals for 1998 sales and 1999 sales and use were either identical or within 1% of each other before and after the rerun.
