FIFRA

Section 2(ee) Recommendation

Date: April 13, 2007

Products: Proclaim® Insecticide
EPA Reg. No. 100-904

Use: For Control of First Generation Only Codling Moth in Apples

State: New York

Directions for Use

Apply Proclaim at the rate of 4.8 ounces /acre to control first generation codling moth larvae. Apply the first application at codling moth egg hatch or immediately thereafter and the second application 7-14 days later.

Do not apply more than 14.4 oz/season to apples.

It is violation of federal law to use this product in a manner inconsistent with its labeling.

The user must refer to the federally approved label and read and follow all directions for use, restrictions, and precautions.

The user should have this recommendation in his possession at the time of use.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the EPA.
