the Illinois Commerce Commission and Wisconsin Public Service Commission. 

Comment Date: August 29, 2003.

Standard Paragraph

Any person desiring to intervene or to protest this filing should file with the Federal energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 and385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission’s Web site at http://www.ferc.gov, using the elibrary (FERRIS) link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866)208–3676, or for TTY, contact (202)502–8659. Protests and interventions may be filed electronically via the Commission’s Web site under the “e-Filing” link. The Commission strongly encourages electronic filings.

Investigator Initiated Grants for Fellowships: Request for Applications

AGENCY: Environmental Protection Agency.

ACTION: Notice of requests for applications.

SUMMARY: This notice provides information on the availability of fiscal year 2004 fellowship program announcements, in which the areas of research interest, eligibility and submission requirements, evaluation criteria, and implementation schedules are set forth. Grants will be competitively awarded following peer review.

DATES: Receipt dates vary depending on the specific research areas within the solicitations.

SUPPLEMENTARY INFORMATION: In its Requests for Applications (RFA) the U.S. Environmental Protection Agency invites fellowship applications in the following areas of special interest to its mission: (1) Fall 2004 EPA Science to Achieve Results (STAR) Fellowships for Graduate Study, (2) Fall 2004 Minority Academic Institutions (MAI) Fellowships for Graduate Study, and (3) Fall 2004 Minority Academic Institutions (MAI) Undergraduate Student Fellowships.

CONTACTS: (1) Fall 2004 EPA Science to Achieve Results (STAR) Fellowships for Graduate Study, Virginia Broadway (phone: 202–564–6923, e-mail: broadway.virginia@epa.gov), (2) Fall 2004 Minority Academic Institutions (MAI) Fellowships for Graduate Study, Virginia Broadway (phone: 202–564–6923, e-mail: broadway.virginia@epa.gov), and (3) Fall 2004 Minority Academic Institutions (MAI) Undergraduate Student Fellowships, Georgette Boddie, (phone: 202–564–6926, e-mail: boddie.georgette@epa.gov).

FOR FURTHER INFORMATION CONTACT: The complete program announcement can be accessed on the Internet at http://www.epa.gov/ncer, under “announcements.” The required forms for applications with instructions are accessible on the Internet at http://www.epa.gov/ncer/fellow/. Forms may be printed from this site.

John C. Puzak, 
Acting Director, National Center for Environmental Research.

ENVIRONMENTAL PROTECTION AGENCY

Diazinon; Product Registrations Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA’s cancellation order for the cancellations, as requested by Syngenta Crop Protection, Inc., of all of Syngenta’s registrations for products containing diazinon (O,O-Diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate) and accepted by EPA, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This order follows up a May 30, 2003 Notice of Receipt of Requests from Syngenta for cancellations of all of Syngenta’s diazinon product registrations. In the May 30, 2003 Notice, EPA indicated that it would issue an order granting the voluntary product registration cancellations, unless the Agency received substantive comments within the comment period that would merit its further review of these requests. The Agency received one set of comments, which were in support of the cancellation requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provisions of this cancellation order.

DATES: The cancellations are effective immediately.

FOR FURTHER INFORMATION CONTACT: Stephanie Plummer, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001; telephone number: (703) 305–0076; e-mail address: plummer.stephanie@epa.gov.

SUPPLEMENTARY INFORMATION: I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under FOR FURTHER INFORMATION CONTACT.

B. How Can I Get Copies of this Document and Other Related Information?

1. Docket. EPA has established an official public docket for this action under docket identification (ID) number OPP–2003–0170. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. EPA also
I. Background Information

Diazinon is an organophosphorous insecticide and is one of the most widely used insecticides in the U.S. It is used for outdoor non-agricultural, as well as agricultural, pest control.

Under a December 5, 2000 Memorandum of Agreement (MOA) between Syngenta Crop Protection, Inc. and EPA, Syngenta requested, under FIFRA section 6(f), that EPA cancel, effective as of June 30, 2003, the registrations of all of Syngenta’s diazinon manufacturing-use products permitting formulation for outdoor non-agricultural use. In the MOA, EPA expressed that it would not contemplate permitting sale, distribution or use of existing stocks of these outdoor non-agricultural manufacturing-use products, except for return to the Registrant for purposes of re-labeling for export or disposal. In a letter dated April 8, 2003, Syngenta Crop Protection, Inc. requested a voluntary cancellation of all its remaining registrations for products containing diazinon, to be effective June 30, 2003. The request applied to outdoor non-agricultural end-use products and agricultural products. The request is contingent upon EPA’s granting of certain existing stocks provisions, which are set forth in Unit V. EPA announced its receipt of the above-mentioned cancellation requests in a Federal Register Notice dated May 30, 2003 (68 FR 32501) (FRL–7309–2).

Syngenta’s April 8, 2003 request for cancellations is consistent with the December 5, 2000 MOA. EPA has approved both the December 5, 2000 and the April 8, 2003 requests to terminate registrations for all of Syngenta’s diazinon products and has published its cancellation order in this Notice. All of Syngenta’s diazinon products subject to cancellation, which include outdoor non-agricultural and agricultural product registrations, are identified in Tables 1, 2, and 3 of this unit.

The Reregistration Eligibility Decision (RED) document summarizes the findings of EPA’s reregistration process for individual chemical cases, and reflects the Agency’s decision on risk assessment and risk management for uses of the individual pesticides known as organophosphates (OPs). EPA has issued an Interim Reregistration Eligibility Decision (RED) document assessing the risks of exposure from agricultural uses of diazinon.

B. Requests for Voluntary Cancellations

The manufacturing-use product registrations for which cancellation was requested are identified below in Table 1. The end-use product registrations for which cancellation was requested are identified below in Tables 2 and 3. EPA did not receive any substantive comments regarding these product registrations. Accordingly, the Agency has issued an order in this notice canceling the registrations identified in Tables 1, 2, and 3.

III. Cancellation Order

Pursuant to section 6(f) of FIFRA, EPA hereby approves the requested cancellations of diazinon product registrations identified in Tables 1, 2, and 3 in Unit II. Accordingly, the Agency orders that the diazinon manufacturing-use product registrations identified in Table 1 in Unit II., as well as the end-use product registrations listed in Tables 2 and 3 in Unit II., are hereby canceled. Any distribution, sale, or use of existing stocks of the products identified in Tables 1, 2, and 3 in Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth below in Unit V. will be considered a violation of FIFRA.

IV. What is the Agency’s Authority for Taking This Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, the Administrator may approve such a request.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this Notice includes the following existing stocks provisions.

A. Outdoor Non-Agricultural Manufacturing-Use Products

1. Distribution or sale. The distribution or sale of existing stocks of any outdoor non-agricultural manufacturing-use product identified in Table 1 in Unit II. is no longer lawful under FIFRA, except for the purposes of export consistent with FIFRA section 17 and proper disposal in accordance with applicable law.

2. Use for producing other products. The use of existing stocks of any manufacturing-use product identified in Table 1 in Unit II. for formulation into any other product labeled for outdoor non-agricultural use is no longer lawful under FIFRA.

B. Outdoor Non-Agricultural End-Use Products

1. Distribution or sale by registrant. The distribution, or sale, of existing stocks by Syngenta of any product listed in Table 2 in Unit II. will not be lawful under FIFRA after August 31, 2003, except for purposes of shipping such stocks for export consistent with the requirements of FIFRA section 17 or proper disposal in accordance with applicable law.

2. Retail and other distribution or sale. The distribution or sale of existing stocks by persons other than Syngenta will be prohibited after December 31, 2004, except for purposes of product recovery pursuant to the 2000 MOA, shipping such stocks for export consistent with the requirements of FIFRA section 17, or proper disposal in accordance with applicable law.

3. Use of existing stocks. Use of existing stocks may continue until stocks are exhausted. Any such use must be in accordance with the label.

C. Agricultural Manufacturing-Use Products

1. Distribution or sale, or use by registrant. The distribution, sale, or use of existing stocks by Syngenta of any manufacturing-use product identified in Table 1 in Unit II. for formulation into any other product labeled for agricultural use will not be lawful under FIFRA after August 31, 2003, except for purposes of shipping such stocks for export consistent with the requirements of section 17 of FIFRA, or proper disposal in accordance with applicable law.

2. Retail and other distribution, sale, or use. The distribution, sale, or use of existing stocks of any manufacturing-use product identified in Table 1 in Unit II. for formulation into any other product labeled for agricultural use by any person other than Syngenta may continue until stocks are exhausted. Any such use must be in accordance with the label.

D. Agricultural End-Use Products

1. Distribution or sale by registrant. The distribution or sale of existing stocks by Syngenta of any product listed in Table 3 in Unit II. will not be lawful under FIFRA after August 31, 2003, except for purposes of shipping for exports consistent with the requirements of FIFRA section 17 or
proper disposal in accordance with the applicable law.

2. Retail and other distribution, sale, or use. The distribution, sale, or use of existing stocks by any person other than Syngenta may continue until stocks are exhausted. Any such use must be in accordance with the label.

List of Subjects

Environmental protection, Pesticides and pests.

Betty Shackleford,
Acting Director, Special Review and Reregistration Division, Office of Pesticide Programs.

Notice of Vacature of Specific Applicability Determinations Concerning National Emission Standards for Hazardous Air Pollutants for Secondary Aluminum

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces that EPA has vacated two applicability determinations concerning the National Emission Standards for Hazardous Air Pollutants (NESHAP) for Secondary Aluminum Production, 40 CFR part 63, subpart RRR. An applicability determination concerning the U.S. Granules facility in Plymouth, Indiana was made by the EPA Region 5 Air Enforcement and Compliance Assurance Branch on August 21, 2002, in response to a request for such a determination by U.S. Granules dated August 14, 2002. Notice of this applicability determination (Control No. M020112) was published in the Federal Register on February 13, 2003. 68 FR 7737. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 19, 2003. An applicability determination concerning the U.S. Granules facility in Henrietta, Missouri was made by the EPA Region 7 Air Permitting and Compliance Branch on October 22, 2002, in response to a request for such a determination by U.S. Granules dated October 11, 2002. Notice of this applicability determination (Control No. M020117) was also published in the Federal Register on February 13, 2003. 68 FR 7737. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 23, 2003.

After issuance of these two applicability determinations, EPA determined that these determinations reflect conflicting constructions concerning the applicability of Subpart RRR to operations like those conducted at the U.S. Granules facilities, and that the retention of such conflicting constructions is inappropriate as a matter of law and policy. Now that these determinations have been vacated, EPA will commence a process to adopt a single uniform construction of Subpart RRR which will apply to all operations like those conducted at the U.S. Granules facilities.

FOR FURTHER INFORMATION CONTACT: For specific questions concerning the actions described in this notice, contact Scott Throwe at EPA by phone at: (202) 564–7013, or by e-mail at: throwe.scott@epa.gov. For general questions concerning the Applicability Determination Index maintained by the EPA Office of Enforcement and Compliance Assurance (OECA), contact Maria Malave at EPA by phone at: (202) 564–7027, or by e-mail at: malave.maria@epa.gov.

SUPPLEMENTARY INFORMATION: This notice announces the vacature of two applicability determinations made concerning the NESHAP for Secondary Aluminum, 40 CFR part 63, subpart RRR. An applicability determination concerning the U.S. Granules facility in Plymouth, Indiana was made by the EPA Region 5 Air Enforcement and Compliance Assurance Branch on August 21, 2002, in response to a request for such a determination by U.S. Granules dated August 14, 2002. Notice of this applicability determination (Control No. M020112) was published in the Federal Register on February 13, 2003. 68 FR 7737. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 19, 2003.

An applicability determination concerning the U.S. Granules facility in Henrietta, Missouri was made by the EPA Region 7 Air Permitting and Compliance Branch on October 22, 2002, in response to a request for such a determination by U.S. Granules dated October 11, 2002. Notice of this applicability determination (Control No. M020117) was also published in the Federal Register on February 13, 2003. 68 FR 7737. The decision to vacate this determination was subsequently announced in a letter to U.S. Granules dated June 23, 2003.

After issuance of these two applicability determinations, EPA determined that these determinations reflect conflicting constructions concerning the applicability of Subpart RRR to operations like those conducted at the U.S. Granules facilities. EPA also determined that the retention of such conflicting constructions would be inappropriate as a matter of law and policy. Accordingly, EPA decided to vacate both of these applicability determinations and to commence a process to adopt a single uniform construction of Subpart RRR which will apply to all operations like those conducted at the U.S. Granules facilities.

The vacature of each of the applicability determinations concerning U.S. Granules facilities described in this notice was final and effective on the date that the letter announcing that vacature was signed. This notice is being published to assure that parties other than U.S. Granules who may be interested in these determinations are also notified that they have been vacated. In addition to this notice, EPA will update the Applicability Determination Index maintained by OECA to reflect the vacature of these determinations.

Michael S. Alushin,
Director, Compliance Assessment and Media Programs Division, Office of Compliance.

BILLING CODE 6560–50–P

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 et seq.) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below. The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than September 26, 2003.

A. Federal Reserve Bank of Philadelphia (Michael E. Collins, Senior Vice President) 100 North 6th Street, Philadelphia, Pennsylvania 19105-1521:

1. KBNT Bancorp Inc., Bethlehem, Pennsylvania; to become a bank holding company by acquiring 100 percent of the voting shares of Keystone Savings Bank, Bethlehem, Pennsylvania, and
